BOLD, BAD BURGLARS

Terrorize Railway Employes and Hide Freight Cars—A Lively Chase by Policemen.

CORNING, N. Y., April 11.—The Erie freight yard in this city was terrorized by a gang of the boldest burglars last night with which the police have ever had to deal. They broke into freight cars, and when the employes tried to drive them away they flourished revolvers and put the employes in full retreat. An officer captured one of the burglars at 9 o'clock. An hour later the gang stoned the brakeman on an outgoing train and broke into cars, stealing a quantity of ladies' shoes. The police then captured three more of the gang, but only after some shooting, in which one of the robbers was shot. The others were chased a distance by officers on a locomotive, but they took to the woods and escaped. The gang were equipped with burglars tools, and were undoubtedly professionals.

THE RIPPER'S BANQUET.

How Jack Made Friends—A Social Affair in His Honor.

LONDON, April 11.—The British authorities have applied for a warrant against Deeming, the murderer, so that he may be brought to England and prosecuted for the Rain Hill crimes, in case the prosecution in Australia should result in failure to convict. The application has been made at Widnes, Lancashire, within the magisterial jurisdiction where the Rain Hill murders were perpetrated. One of the newspapers republishes the account from the Precott reporter of the banquet given by Deeming, alias Williams, at the time that he left England with Miss Mather, the wife whom he murdered at Melbourne. It reads queerly now: "On Wednesday evening Mr. Albert C. Williams, an inspector of the Indian army service, who is on a short visit to England and who has taken up his residence in Rain Hill, while in this country, entertained at the Railway and Commercial hotel, Rain Hill, a number of residents of the village whose friendship he has made during his sojourn among them. The menu was an excellent character. After full justice had been done to the good things provided, Mr. Williams presided and Mr. Shorter occupied the vice chair. The usual loyal and patriotic toasts having been submitted and responded to, one of the guests in a felicitous speech proposed the "health of their host, Mr. Williams." He said that whilst that gentleman had been with them in Rain Hill he had made many friendships, which he sincerely hoped, now that he was going away again to foreign service, would tend for many hours, when ennui set in, to bring back to his mind the many pleasant and social evenings he had spent with them at Rain Hill. The toast was enthusiastically drank, with musical honors. Mr. Williams, in reply, thanked his guests for the hearty way in which they had received his name. He had been in many climes and countries, and had mixed with many nations, but he must say that he never in his life met a more sociable number of friends than he had done at Rain Hill. During the evening musical selections were given by the host (Mr Williams) and others. The party broke up at 11 o'clock, a happy evening having been spent."

MILITIA CALLED OUT

To Prevent a Lynching at Malheur County, Oregon.

PORTLAND, Ore., April 11.—Governor Pennoyer has received a dispatch from the sheriff of Malheur county, in this state, calling upon him to order out a detachment of the state militia to quell a riot at Vale. Tuesday last the Baker brothers laid in wait for William Humbert, and without warning riddled him with bullets. The murder was the result of a quarrel between the men over the democratic presidential primaries. The Bakers were landed safely in jail, but the citizens of Vale and the surrounding country are gathering in large numbers, and a lynching party is quite probable. Governor Pennoyer has ordered the militia to assist the sheriff.

TRACED TO PERRY.

The New York Central Express Robber Guilty of Other Crimes.

LAKE POND, Cala., April 11.—The mystery of the robbery of George Holden, of New York, of $8,000 in a Pullman car last November has just been cleared up. Holden has identified the securities, which prove that the money and bonds were stolen by Oliver Curtis Perry, who made the sensational attempt to rob the New York Central train last February. Curtis was on the train with Holden, but represented himself as a cattle dealer. After stealing Holden's valuables he left the train in the night. Pinkerton detectives have found the bonds and jewelry, but Perry spent all the money.

A MIXED CASE

For the South Dakota Divorce Courts to Settle.

MITCHELL, S. D., April 11.—Della Barden, who married Lyman K. Barden at Albany, N. Y., July 14, 1889 is suing here for divorce on the ground of extreme cruelty and a motion made Saturday for temporary alimony disclosed that if all allegations in the case are true, she has two living husbands, and Barden has two living wives. Mrs Barden married Lewis Osborne in New York in 1877. They lived together six months when Osborne left her, and she claims has never been found. She asserts that he is dead. Mr. Barden says that Osborne is living in New York. Since this action for divorce was begun Barden, assuming that his marriage with the plaintiff was void, has married again.

HARRISON AND ALGER

Are the Western Contestants for Nomination at Minneapolis, and the Former Has the Best of It.

CHICAGO, April 11.—A conference of republican leaders was held at the Grand Pacific hotel yesterday and all opposition to Harrison's renomination was practically killed, it is said. Senator Allison represented his boom, Senator Sawyer, of Iowa, stood for the president, and Judge Blodgett and Jesse Spaulding represented Senator Cullom. The situation was canvassed and it is said that in consideration of a cabinet position, Senator Allison agreed to give the Iowa delegation to the president. It is further stated that Senator Cullom's recent letter of withdrawal was given under a similar agreement as the one made with Allison. Alger is now the only western man disputing the nomination with Harrison. And the Michigan man is being beaten in his own state.

YOUNG LIFE ENDED.

Miss Belle Rosseau Passes Away, a Victim of Consumption—The Deatils

Telegrams have been received of the death of Miss Belle Rosseau, which occurred at her home in Warsaw this morning. Consumption caused her death. Deceased was the daughter of John Rosseau, ex-treasurer of Kosciusco county, and was well known in this city, where she resided for some years, during which time she acted in the capacity of cashier of the Post-Furniture company. Although she had been in delicate health, death was not looked for at this time and the young lady herself was only a few days ago making preparations for the summer. The past week has marked a remarkable change in her physical condition, and she failed rapidly until, as a frail and fair flower bends and breaks of under the force of a relentless storm, so was this life given up to one of the most dreaded destroyers known to medical science. Her transition to the better land was peaceful and painless Mrs. Ed Lipsett, of this city, was at her death bed.

Last Saturday THE SENTINEL announced the death of Mrs. Charles W. Weller, nine days after she had given birth to twin girls. Mrs. Sarah Steffelbien died at the county infirmary Sunday at the age of seventy-two years. The funeral took place this afternoon. Deceased was born in Ohio.

The body of Edward A. Shafer, the Maumee avenue druggist, who committed suicide Saturday afternoon, an account of whose rash act was given in THE SENTINEL, was taken in charge by Scheumann & Klaehn, the undertakers This afternoon the remains were shipped to Huntington at which place the funeral will take place tomorrow afternoon. The deceased was addicted to the morphine habit, and by reason of a disruption in the family circle, his wife living apart from him, he became disconsolate and took the revolver route to eternity. William E. Shafer, of 26 Wilt street, and Reinhard Shafer, are brothers of the deceased. Two son sand two daughters the oldest fourteen years old, besides the widow, survive him.

Word has been received here of the death from scarlet fever of Ora, the interesting eight-year-old daughter of Mrs. J. V. Horer, which occurred at Denver, Col., April 2. Donnie, the only remaining child, is a victim of the same dreaded disease, and but faint hopes are entertained for his recovery. Mrs Hover formerly resided in Fort Wayne.

A FATAL BOAT RIDE.

Eight Students and an Instructor Drowned While Returning From Church.

BOSTON, April 11.—Last evening an instructor and ten boys connected with the Boston farm school at Thompson's Island were capsized in a sail boat and the instructor and eight of the boys drowned. The victims were A. F. Nordberg, instructor, aged about 40, Frank Hitchcock, 12, Homer Thatcher, 17; George F. Ellis, 16; Thomas Phillips, 16, William W Curran, 17, Chas. H. Graves, 17; Harry E. Loude, 16; Adelbert E. Packard, 16. The rescued persons were O. W. Clements, 17, and Chas A. Limb, 16. The instructor had been to the city during the day to attend church and the boys, constituting a regular crew of the school, left the island at 6:30 to sail to City Point to convey the instructor to the island. The trip is considered perfectly safe, having been made for years without an accident. The trip was made and soon after 7 p. m. the boat started on the return trip. At a point between Spectacle Island and Thompsons Island the boat was struck by a squall and capsized. The eleven occupants were thrown into the ice cold water, but succeeded in securing positions where they could cling to the overturned craft. At one time a tug was seen in the distance, and they shouted with all their remaining strength, but could not attract attention. The night was cold and the shore and wharves were abandoned. When the time for the boat to return to the island had passed, the superintendent of the school, Charles H. Bradley, went to the beach to scan the waters toward City Point to see if the boys were approaching. There was a fire on a neighboring island and he got in range of the firelight in the hope that he would aid his vision, but he saw nothing. The survivors say that they saw his form patrolling the beach and felt that rescue would come, but it did not. Finally the chill of the water and the exertion necessary to keep their heads above the surface overcame the unfortunates and one by one they were compelled to release their hold. The instructor was the first to go. Each offered a prayer or a word of farewell to the others as he gave up his hold on life. Some of them endured the unequal contest for nearly four hours and it was 11 o'clock when the boat with the two survivors still clinching to it but exhausted, drifted in shore. They were immediately cared for and are recovering from the exhaustion of their experience. Superintendent Bradley came to the city this morning, notified the police and the officers of the Boston farm school, and engaged divers to search for the bodies. This is the only drowning accident that has happened to the school since 1862.

READY FOR THE CHARGE.

Boomers Anxiously Await President Harrison's Proclamation.

KING FISHER, O. T., April 11.—United States Marshal Grimes and special agents of the Interior department are in close consultation with Governor Seay, who arrived here last evening. The conference is in reference to the formal opening of the county seat town sites in the new county. It is currently reported that the governor, who is to open the town sites by proclamation, will issue a proclamation simultaneously with President Harrison's proclamation opening the territory to settlers. Boomers are entering Oklahoma and Texas from all sides, securing positions of advantage along all the streams near the line of the new territory and preparing to make the run in earnest. The settlers on this territory will have the advantage of comprehensive official maps and plats to guide them. The cold, heavy wind which prevailed all day has caused considerable suffering among women and children camping in the less protected places along the streams, especially to the men in line before the United States land office, who have absolutely no protection from the cold blast and blinding sand storms.

HYDROPHOBIA.

A Prisoner Attacked With the Malady While in Court.

GLASGOW, Ky., April 11.—Henry Ragland, colored, was placed on trial Saturday for car-breaking. He was one of many colored men induced to go to work on a railroad in the Adirondacks, where he claims a brother was murdered and he was brutally beaten. Ragland had scarcely pleaded to the charge when he began to foam and bark. He attempted to bite the judge and others and caused a panic in the court room. He was not tried and will die soon. Ragland, it was subsequently learned, was bitten by a rabid dog last August.

STEAMER BURNING.

The "City of Fitchburg" Doomed to Total Destruction.

BEDFORD, Mass., April 11.—The steamer "City of Fitchburg," of the Old Colony freight line, which arrived here yesterday from New York, is burning. Several tugs are now throwing streams of water into her, but it is feared she will be seriously damaged. The fire department of the city are also at the scene of the burning vessel, and are doing good work to subdue the flames.

IMPALED ON A CORN HORNS.

Horrible Accident to the Wife of a New Jersey Farmer

NEW YORK, April 11.—Mrs. Lizzie Loshen, wife of a well to do farmer in Centreville N. J., went out to give a cow some food on Friday night. The cow overturned the tub in which the feed was placed. Mrs. Loshen attempted to right the tub, when the cow suddenly raised its head and Mrs. Loshen was impaled on its horns. She screamed for help, and when rescued it was found that she had been dangerously wounded in the stomach.

GREAT FLOODS.

Alabama Nearly Submerged and Many Lives and Much Property Destroyed.

BIRMINGHAM, Ala., April 11.—Rain has set in again and much more damage will be done by floods. No trains have run to Memphis over the Kansas City, Memphis and Birmingham road for a week. In places the road is washed out for half a mile and trains cannot be run for many days yet. In Marion county large iron bridges across the creeks and rivers were swept away. Near Pearson's Mill, John Livingston and two children, while crossing the creek in a wagon, were swept away and drowned. Eight miles south of Carbon Hill two women were drowned. A man from Columbus, Miss., says twenty-five families are believed to have perished by the floods around that place. Near Greenwood, 1,100 feet of the Georgia Pacific track was washed away. At Gadsden, Ala., the Coosa river is forty feet above low water mark, and hundreds of acres south of the town are submerged. Many rafts of timber have been lost and damage amounting to thousands of dollars has been done.

THE PAN-HANDLE STRIKE.

Report of the Visit to Shops to be Made to the Advisory Committee.

INDIANAPOLIS, April 11.—A labor mass meeting was held at Masonic hall yesterday afternoon and the Pan-handle machinists' strike was discussed. D. F. Kennedy, T. M. Gruelle, Frank L. Gates and others spoke. The speeches showed the sentiment of the other trades unions to be in sympathy with the strikers. The progress of the strike was reported. Tonight the executive board will meet at 31 South Illinois street, to further discuss the matter. It is probable that something will be done toward raising funds for the machinists.

At tonight's meeting Mr. Lamb of the executive board of International Machinists, and Chairman Greig, of the strikers, will report the result of their visit to the Logansport, Fort Wayne and Columbus shops. They went there to test the feeling of the men in regard to going out, and it is understood that it was so strongly expressed that the international association will take charge of the strike and call out the men at the shops named. Mr. Lamb has power to act in that direction, and the only thing to be considered is affairs connected with the strike at this point. This calling out of the men will mean a long struggle unless the company soon grants the request for day work. If the strike is continued it is said that all branches of organized train service will be brought to support it, which means a tieing up of the lines.

THE BISHOP SAID MASS.

After Seven Months' Illness Bishop Dwenger Again in the Pulpit.

It was a pleasant surprise that greeted the early church-goers at the Cathedral Sunday morning at 6 o'clock mass. Bishop Dwenger, who has been confined to the Episcopal residence a great sufferer since the 15th of last August, was again seen in the pulpit and celebrated mass. This is the first time he was seen in the church since he was stricken with the illness that brought him so near death's door several times. The beloved prelate expects to officiate at the ceremonies of blessing holy oil next Thursday morning at 6 o'clock, an announcement that will be the signal for filling the edifice. On the 26th inst. Bishop Dwenger will have reached the twentieth anniversary of his consecration to the bishopric, and it will be duly celebrated.

OTHER CATHEDRAL FESTIVITIES.

On Wednesday and Thursday evenings, at 7:30, the Tenebrae services will be held in the Cathedral, the clergy of the other Catholic churches in the city participating.

On Saturday morning at an early hour the services will be mass, blessing of the new fire, of water, the paschal candle and the baptismal font.

The bells that will have been silent from Thursday forenoon will ring out in joyous peals on Saturday morning and the organ's melodies will again be heard and awaken the world to the coming joys of Easter Sunday.

OPENED THE GRAVES.

Diedrich Martin and Henry Salge Alarmed at Rumors of Body Snatching, Cause an Investigation.

On the 21st of last February Henry Salge, the well known carpenter, buried his wife in the Concordia cemetery east of the city. Last month the wife of Diedrich Martin, who has been for many years janitor of Emanuel's church and schools, was laid to rest in the same cemetery. The graves were dug in lots adjoining each other, and were not fifteen feet apart. Two weeks ago a rumor got started that the graves of Mrs. Martin and Mrs Salge had been tampered with, and by the time the story reached the ears of the bereaved husbands it was made strong enough to almost convince them that the story was true. They made inquiries of Superintendent Meunzen at the cemetery, but he denied the possibility of such a bold grave robbery, and claimed the graves had not been disturbed, but notwithstanding this assuring statement, Messrs. Martin and Salge determined to relieve their minds of any doubt. To this end they had the graves opened this morning, in the presence of relatives and friends. The bodies were found just as they had been buried, and the rumor of grave robbery was thus exploded as a most cruel and malicious hoax.

DR. DRIVER'S INAUGURAL.

The Eloquent Pastor Enters Upon His Third Year at Simpson Church.

Yesterday was a red-letter day in Dr Driver's church. It was inaugural day. At 10:45 a. m. the sermon was based on Paul's words to the Corinthians, beginning, "Behold, the third time I am ready to come unto you." The text was peculiarly appropriate, as this was the third time the doctor had been appointed to Simpson church. The sermon was woven about five propositions, the pastor's purpose to preach a gospel of tenderness, of charity, of forgiveness, of love and justice, and of full salvation. In the evening his theme was "Retrospect and Prospect." The sermon was crowded with reminiscence and prediction appropriate to the occasion and the audience. The outpouring of the people must have been inspiring to the faithful, hard-working southside pastor. Protestants and Catholics vied in words of welcome. One Catholic priest congratulated his Protestant co-laborer upon his reappointment to Fort Wayne. At the evening service three new members were added to the church. The outlook for Simpson church was never more hopeful than it is today.

CLAUDE MATTHEWS.

The Secretary of State, Urged by Friends, Consents to be a Candidate for Governor.

In its issue of last Friday THE SENTINEL announced that Claude Matthews, the present secretary of state of Indiana, would be a candidate for governor before the coming democratic state convention, and in making the announcement THE SENTINEL knew what it was talking about

CLAUDE MATTHEWS.

Mr. Matthews had been a candidate for renomination for secretary of state, but so persistently had he been urged to become a candidate for governor that in at last consented to enter the race for the latter office. This decision THE SENTINEL was apprised of last Friday, through a close political friend of Mr. Matthews, and hence we made the announcement that we did. This startling bit of political news was sent out from Fort Wayne over the wires of the United Press and the Associated Press and created a sensation in every part of the state.

The truth of THE SENTINEL'S announcement was questioned and led to the publication of telegrams saying that Mr. Matthews was not a candidate for governor. Today THE SENTINEL sets the matter at rest by the publication of a letter from Mr. Matthews to Col Matson. The letter explains itself and is as follows.

INDIANAPOLIS, April 11, 1892

COL. C. C. MATSON, Greencastle, Ind.:

DEAR SIR:—In reply to your esteemed favor—as well as to many others upon the same subject—I beg to say that while I became a candidate for governor, I thank you for the kind expressions it contains.

In consideration of the urgency of the demands of my democratic friends in each and every section of the state, by letter, by call and by a large part of the press of the state, I have consented and decided to become a candidate for the nomination of governor of Indiana.

This demand, extending back over a period of several months, has come to me from all classes of my party, and especially, as could naturally be expected, from that class—the farmers—with whom my entire life and every interest has been identified.

I fully appreciate the responsibility of the position and of the step I am taking, and with all due modesty offer myself as such a candidate, both in justice to the gentlemen who are and have been candidates for this position, and also to those who may desire to become candidates for the office I now hold, to which a renomination has been so unsolicitedly conceded me by my party.

In making this announcement, I desire it especially understood that I am not, nor ever will be, the candidate of any one element or faction of my party, but of the whole democratic party.

Should I be nominated and elected, I promise a faithful and patient observance of all the duties of that exalted position. Very Sincerely Yours,

CLAUDE MATTHEWS.

THE SENTINEL has before spoken of Mr. Matthews' availability as a gubernatorial candidate. As the standard bearer of the democratic party in Indiana this year, it believes that he will make a winning race. He represents the farming interests, is popular with all classes, and would make a chief executive of the state who would be capable and honest and one of whom Indiana could well feel proud.

The call for Mr. Matthews candidacy comes very generally from every quarter of the state. Mr. Matthews was nominated for state secretary in 1890 in deference to the wishes of the farmer's alliance, and he was elected by the largest democratic majority cast in this state since the war. In round numbers his majority was 20,000. Of the ninety-two counties in the state sixty-eight have already held county conventions. Twenty counties only have instructed for governor—eight for Shanklin, eight for Nye, three for Niblack and one for Matthews. In the other county conventions which have been held no instructions were given, largely because it was anticipated that Mr. Matthews would make the race, and their delegations to all practical purposes can already be counted for him.

Hon. W. F. McNagny, of Columbia City, who is a candidate for congress in this district, was in the city today on his way north. Mr. McNagny is not attempting to antagonize either of the congressional candidates of this county, but is making a straight forward, open fight for the nomination. He is an able, brilliant attorney and pleasant gentleman. He has many warm friends in Fort Wayne.

The announcement is made of the engagement of Z. T. Latham, conductor on the Nickel Plate, to Miss Grace D. Gillespie, of 216 West Superior street. The bride is a charming and accomplished young lady. Both have numerous friends in this city. Miss Gillespie left today for Detroit to remain there a few weeks.

Miss Ethel Sauer returned to her home in Bluffton this morning after a pleasant visit with Mr. and Mrs. G. B. Hench, of East Wayne street.

Tells of His Fearful Sufferings After Gastric Fever and His Cure by

Hood's Sarsaparilla

All who know Mr. W. D. Wentz give him the best of recommendations for honesty and integrity. For many years he has worked for Mr. D. P. Wilson, the harness maker and member of the Geneva Board of Health. He says:

"I was taken sick 2½ to 3 years ago with gastric fever and my case of the recovery was considered almost hopeless. After 7 weeks the fever slowly left me, but I could not eat the simplest food without terrible distress. It seemed that I had more to suffer than the fever to

Die of Starvation

I took pepsin compounds, bismuth, charcoal, cod liver oil and all until my physician confessed that he did not know what else to try. Everything I ate seemed to cause pain. I happened to think that I had some of Hood's Sarsaparilla that I had bought for someone else. I used it for two weeks and began to feel better. I have now been taking it for two months and can truthfully say I feel well again and can eat anything without distressing me, even to

Pie and Cheese

which I have been unable to touch for years. The English language does not contain words enough to permit me to express the praise I would like to give to Hood's Sarsaparilla." W. D. WENTZ, 15 Castle St., Geneva, N. Y.

A Good Voucher

"I have known Mr. Warren D. Wentz for many years and can vouch for him as a man of veracity and one well known about here. I have sold him several bottles of

during the past few months." M. H. PARTRIDGE, Druggist, Geneva, N. Y.

THE Jewish passover begins tomorrow and continues seven days.

THE Allen county democracy is in line for the presidential year.

THE next state election will be on the 19th of this month, when Louisiana votes.

YESTERDAY was Palm Sunday, commemorating the Savior's triumphal entrance into Jerusalem. The day was appropriately observed by the Catholics of this city.

THE Frankfort Crescent, New Albany Ledger, Vincennes Sun, Shelbyville Democrat, Bloomfield Democrat and a score of other able democratic papers have pronounced against Shanklin.

THE SENTINEL is glad to note that Bishop Dwenger is rapidly recovering from his prolonged illness. He has the prayers of Protestant and Catholic alike for his complete restoration to health.

OUR legislative ticket is a strong and able one. Judge Hench made a splendid record in the last legislature. John F. Rodabaugh and Charles Dalman, the two new candidates, are excellently equipped for the positions. Mr. Rodabaugh is the brilliant attorney of this city, and Mr. Dalman is a prominent farmer of Pleasant township.

JUDGE LOWRY was indorsed as a candidate for appellate judge at the democratic county convention Saturday by the unanimous adoption of the following resolution. "Resolved, That the delegates to the state convention are earnestly urged to use all honorable means to secure the nomination of the Hon. Robert Lowry for judge of the appellate court."

REV. M. S. MARBLE, the new pastor of Berry street M. E. church, commenced his pastoral year in this city by preaching at both services at that church yesterday. He is an earnest, forcible, interesting and eloquent pulpit orator, a student and a hard worker, and under his ministration the Berry street church will advance in prosperity and spiritual activity. His congregation gave him a warm welcome.

THE bank clearings of the country thus far this year greatly exceed those of any corresponding time in recent years. The March total for all cities was $5,217,000,000, against $4,158,000,000 in 1891, and $4,558,000,000 in 1890 and $4,510,000,000 in 1889. For the first quarter of this year the total was $15,922,000,000 as against $12,939,000,000 for 1891 and $14,226,000,000 in 1890, an increase over the latter year, which was a "boom" year, of 12 per cent., and over last year of 23 per cent. Much of it, however, was due to speculative transactions.

THE G. A. R. encampment of Illinois have adopted a resolution requesting the senators and representatives from that state to oppose the bill appropriating $100,000 in aid of the national encampment to be held at Washington. Washington obtained the encampment on a guaranty that the city would entertain it, and the old soldiers very properly join with the other taxpayers of the country in opposition to the proposition to obtain the money necessary from the national treasury. Washington has no more right to demand this favor of the nation than any other city that may hereafter entertain the national encampment.

THE United States treasury report showed a net cash balance at the end of March of $132,858,884, according to the present style of bookkeeping. As available assets this sum is subject to the following drafts. For the redemption fund, $100,000,000; subsidiary coin, $14,716,017, bonds awaiting reimbursement, $827,192; minor coin, etc., $458,790, deposits in national banks, $17,500,750, redemption account, national bank notes, $28,594,831, making a total of $162,428,840. In other words, the treasury is actually short $29,529,596, the proper obligation of the government, aside from the appropriations of the last congress, leaving it that much behind.

OUR COUNTY TICKET.

THE SENTINEL places at the head of its editorial columns today the ticket nominated last Saturday by the democracy of the county through their chosen delegates. Although some of our friends who were candidates for office before the convention were defeated, the selections made were the will of the majority of the delegates, and we shall give the ticket nominated a cheerful support. It gives general satisfaction and will commend itself to the voters of the county.

The convention declared by the resolutions passed, for Cleveland as the nominee for president, for Turpie as United States senator, and spoke in unmistakable terms for tariff reform. With these candidates and this issue, the democratic party of Allen county enters the campaign of the presidential year united and strong and with a determination to win success.

MATTHEWS FOR GOVERNOR.

It is now announced authoritatively, over the signature of Mr. Matthews himself, as will be seen by the publication of a letter elsewhere in THE SENTINEL today, that Hon. Claude Matthews, the present secretary of state, is a candidate for governor subject to the decision of the democratic state convention.

He has been induced, at this late day, to consent to become a candidate for governor at the urgent solicitation of friends from all over the state, and accompanying the announcement is the declaration that he is not a candidate for secretary of state.

Mr. Matthews is a very popular man and would make a popular governor. There is nothing aristocratic about him. He is a plain man of the people—approachable, confiding and honest. Like Governor Williams, Mr. Matthews comes from the farm, and like honest old Blue Jeans' administration of the governor's office, his administration would be pure, simple and honest. He is the logical candidate, and his nomination for governor would be the recognition of that great army of democrats who till the soil and reap the harvests. As the standard bearer of the party in the state this year Claude Matthews would lead the democracy of Indiana to victory.

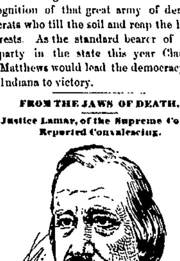

A YOUNGER AND FAIRER RIVAL.

OLD MISS REPUBLICAN—Can My Charms be Upon the Wane?

FROM THE JAWS OF DEATH.

Justice Lamar, of the Supreme Court, Reported Convalescing.

The possible recovery of Justice Lamar, of the United States supreme court, who lies ill at Washington, is grateful news everywhere, as his long public career has made him many friends, known and unknown. He is a Georgian by birth, and was born in 1825. In 1849 he removed from Georgia to Mississippi, where he continued the practice of the law. His congressional career began in 1856. He resigned his seat in 1861 and became a colonel in the confederate army. In 1863 he was sent by the Richmond government on a mission to Russia. He was made professor of political economy in the University of Mississippi in 1866; the next year, professor of law in the same institution. Lamar was elected to congress in 1872. He resigned his seat in 1885 to accept the office of secretary of the interior in the Cleveland cabinet. This distinguished scholar, diplomat and lawyer was appointed an associate justice of the supreme court in 1887.

NEGRO GIRLS AS HOSPITAL NURSES.

Recent Experiment Has Shown That They Are Competent.

In January, 1891, several colored citizens of Chicago were in conference, and learned with surprise that there was not in the United States, and perhaps not in the world, a hospital for colored people. They at once resolved to have one, and with it a training school for colored nurses, and $300 was raised on the spot. Small contributions came in rapidly, and on May 4, 1891, the little hospital at the corner of Twenty-ninth and Dearborn streets was opened to the sick of all races and nations.

Similar institutions were soon established in New York, San Antonio, Kansas City and other places, and now every one who investigates it wonders why it was not done before. Colored women are confessedly among the best nurses

THE PROVIDENT HOSPITAL.

in the world, and there is a painful lack of opportunities for the young and enterprising among them. It would seem the most natural thing that they should be scientifically trained for nurses.

The Chicago hospital is an old three story brick, and over the door are the words "Provident Hospital." It is often so crowded with patients that the nurses have to sleep in chairs, yet their zeal and application are unwearied. Over 250 patients have been treated, of whom a third were white, and all are enthusiastic in praise of the colored woman's capacity for scientific nursing. The pupils learn anatomy, physiology, pathology and how to cook tempting dishes for the convalescent. But there is room for very few, and hundreds of applicants are turned away. Those who have investigated the experiment think a great problem has been solved and that neat and fairly well educated colored girls are to be the nation's nurses.

In either of these,

with a little *Pearline*, you can wash clothes more easily, more quickly, and more cheaply, than in any other way. *You* can, we say—but perhaps you don't have to. Then (?) the ease of it doesn't affect you so much. But the quickness, the thoroughness and the economy of it does. The less time that's spent on your clothes, the less it costs you—it's money in your pocket every time they're saved from the wearing rub, rub, rub of the old way. But the *water* doesn't make any difference. Use what's handiest. Hot or cold, hard or soft, salt or fresh, rain or shine, it's all the same if you have *Pearline*. When you *don't* have it—then there *is* a difference.

Beware Peddlers and some unscrupulous grocers will tell you, "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled, and if your grocer sends you something in place of Pearline, be honest—*send it back*. 311 JAMES PYLE, New York.

It is stated that the Chicago and Erie management has decided to close its shops at Huntington, Ind., unless the citizens of that place guarantee the company against strikes in the future. It is claimed by the company that the recent strikes were encouraged by the citizens and authorities of that place, the latter failing to give their property or rights the protection the company was entitled to. The 166 employes recently laid off have not been set at work yet.

A change in the interior of the Pennsylvania depot is contemplated The plans are now in the hands of the local officials. The ticket office will be removed to the north side of the room, and an open passageway will be made between the ladies' and the gentlemen's departments.

Barney Fitzpatrick returned to Wellsville, Ohio, Saturday. It is believed by his friends in this city that he will not accept the position of master mechanic of the Big Four shops at Indianapolis. There are better things in store for him if he remains in the service of the Pennsylvania company

There was a sad incident in connection with C S Mellen, traffic manager of the Union Pacific road, leaving that road to become general manager of the New York and New England road. In taking his departure he made the journey on the funeral train which carried the remains of his wife, who died suddenly at the residence of her sister in St. Paul. It was on the request of his wife that Mr. Mellen resigned his position on the Union Pacific to accept the position in Boston.

There came near being a sickening accident at the Wabash depot yesterday afternoon. A lad about twelve years old, in attempting to board a freight train, lost his footing and was dragged over fifty feet along the track. Witnesses were horrified and turned their backs upon the scene, fully expecting the boy to be ground into atoms. He was badly frightened, but escaped injury. A good, stiff slipper applied vigorously to the seat of the lad's pantaloons might have a beneficial effect in keeping him from jumping upon trains

The Indianapolis gentlemen who represent the striking Panhandle machinists attended the meeting of the Fort Wayne branch of the Machinists' union Saturday night. In the visiting party were John J. Lamb Samuel Morgan, C. W. Martin, William Frohlinger and John Greig. The visitors stated that their object here was to inquire into the merits and demerits of the piece system of work, against which the Indianapolis machinists are now out on a strike, and to ascertain the feeling of our machinists in regard to the matter. The meeting Saturday night was secret and nothing is known of the action, if any, taken in regard to the situation at Indianapolis. It is generally believed, however, that the strike will be confined to that city. The visitors left yesterday for Columbus, Ohio, and other points where are located shops of the Pennsylvania company.

That Tired Feeling

Is often the forerunner of serious illness, which may be broken up if a good tonic like Hood's Sarsaparilla is taken in season. This medicine invigorates the kidneys and liver to remove the waste from the system, purifies the blood and builds up the strength.

Constipation is caused by loss of the peristaltic action of the bowels. Hood's Pills insure this action and invigorate the liver.

The Navajo Indians will never enter a house in which a death has taken place.

Mr J. P. Blaize, an extensive real estate dealer in Des Moines, Iowa, narrowly escaped one of the severest attacks of pneumonia while in the northern part of that state during a recent blizzard, says the Saturday Review. Mr. Blaize had occasion to drive several miles during the storm and was so thoroughly chilled that he was unable to get warm, and inside of an hour after his return he was threatened with a severe case of pneumonia or lung fever. Mr. Blaize sent to the nearest drug store and got a bottle of Chamberlain's Cough Remedy, of which he had often heard, and took a number of large doses. He says the effect was wonderful and that in a short time he was breathing quite easily. He kept on taking the medicine and the next day was able to come to Des Moines. Mr. Blaize regards his cure as simply wonderful. Fifty cent bottles for sale by druggists.

A Most Interesting Interview With a Number of Prominent Officials—How the Strains of Public Life Are Overcome.

WASHINGTON, April 11 The absorbing excitement of congress and the interest caused by varying schemes and various measures have been overshadowed of late in Washington by the revelation of the alarming death rate among public men, and the additional fact that in nearly every case the cause of the death can be traced to one source. Congressman Springer's dangerous and long-continued illness, the sudden death of Senator Plumb, and Mr. Blaine's constant ill health have mustered from the grave the memory of an army of public men who have died in the harness.

Senator Beck dropped insensible in the Potomac depot on the exact spot where President Garfield was shot.

Secretary Folger worked to the last, and died without warning

Secretary Windom died while speaking at a banquet.

Secretary Chandler was found dead in his bed at the Grand Pacific hotel

Senator Tom Corwin expired at a reception while talking with Salmon P Chase, Ben Wade, Senator Schenck and John Sherman.

The Hon. Hannibal Hamlin died at the club while chatting with his friends.

Minister Pendleton passed away while seated in a railroad train

Senator Charles Summer, Massachusetts's pride, died suddenly, working faithfully to the hour of his death.

Senator Simon Cameron feels the mysterious creepings of paralysis, and falls in the arms of his friends.

Salmon P. Chase passed away peacefully while seated at his desk with his pen in his hand

It has dawned upon the public men of the country, the heads of departments in Washington, and discerning people generally, that there must be some one great reason for all these untimely deaths It was with a view, if possible, of solving this question that I called upon a number of prominent men, the results of which are given herewith It is well known that one of the nation's greatest men is Gen. B. F. Tracy, Secretary of the Navy, and that no man in Washington has worked harder, more persistently, or more effectively His timely and efficient work in building up our national defence when the question of war with Chili was being agitated, must necessarily have brought a great strain upon his system. He was found, however, at the head of the navy department, and in very good humor. Referring to the subject, Gen. Tracy said:

"I am in good health and spirits at present. Several years ago, however, I was so fully impressed with the idea that I had uric acid in my blood that I took good care and good medicine to prevent its increase or continuance."

"May I ask, general, what course you adopted?"

"I had heard of many things, but I determined to try one especially I found it all that I desired, and, although that was some time since, I am, as you see, well today although I am still taking the same medicine, which is Warner's Safe Cure"

Colonel Daniel Grosvenor, the chief of the first division of the comptroller's office of the United States treasury, said:

"I have had an unusual opportunity to watch the condition of public men and the strains which public life brings Many prominent men break down suddenly, and, while this may also be true of other walks in life, it seems especially true to Washington. My experience has shown that one remedy has proven more beneficial for the strains of life in the case of public men than any other known discovery. That remedy is Warner's Safe Cure. The most remarkable instance of its power is that of Mr. J. Henderson Wilkinson, the well known pension attorney. His restoration to health through its use was simply marvelous. I myself believe in it implicitly."

Congressman J. C Belden, of New York, when approached upon the subject, said:

"Ex-Governor Alvord, of Syracuse, N. Y., and also ex-speaker of the House, furnished the most wonderful instance of the fact that a public man could withstand the strains of public life and yet live to a green old age. Few men have ever been sicker than Senator Alvord was, but he is now hale and hearty. His recovery is due entirely to Warner's Safe Cure, which is certainly all the commendation of any discovery that could be required."

Mr. L. H. Egleston, Judiciary Division, Comptroller's Office, United States Treasury, said.

"Ten years ago I was ill—very ill with a disease pronounced by my attendant physician to be incipient Bright's disease The treatment failed to benefit me, and I grew steadily and alarmingly worse. Under the advice of friends I began to use Warner's Safe Cure, and have been in perfect health ever since. I am glad to state this, because it may save the life of others."

Senator B K. Bruce cordially answered inquiries:

"My gratitude is due to Hon. H. H. Warner, manufacturer of the Warner Safe Cure, for the wonderful recovery which I have experienced through the use of his medicine I am well today, and believe many public men might preserve their health and prolong their lives by the use of this great remedy"

The same sentiment can be found all over Washington, and there is scarcely a desk in the treasury or other departments where a bottle of this remedy cannot be found Its popularity here is due wholly to what it has accomplished.

Prevalence of Kidney Disease.

The large demand, in this and foreign lands, for BUCHU-PAIBA is the best evidence of its reliability as a remedy in Kidney and Genito-Urinary diseases, affections of the Bladder, &c. The increase in Kidney Complaints in this country in recent years has been arrested to a great extent through the merits of this new remedy BUCHU-PAIBA, which without doubt is the best known treatment for irritation, inflammation and catarrh of the Bladder, and the various diseases Genito-Urinary discharges. It is put up in convenient bottles that sell for $1.00 at Druggists or Chemists, or may be had of the manufacturer, express prepaid, by forwarding $1.00 to E. S. Wells, Jersey City, N. J.

Cockroaches, Ants,

Beetles, waterbugs. The most effective and permanent remedy is—for two or three nights to sprinkle ROUGH ON RATS dry powder unmixed, on, in, and about and down the sink and drain pipe, scatter it well but thinly all over the sink. First thing in the morning wash it away down the drain pipe, repeat two or three nights, when all the insects from garret to cellar will disappear. The secret of this is the fact that wherever the bugs or insects may be during the day, they must go to the sinks for water during the night. They can't stand ROUGH ON RATS in their water. This is the quickest, most effective and satisfactory remedy. ROUGH ON RATS being a poison, it should be used in this way only at night and washed away early in the morning. Another way is to mix a tablespoonful of ROUGH ON RATS with half a pound of brown sugar. Sprinkle it on rear of cupboard shelves or on plates, or on sheets of paper placed high out of reach of children.
